Alice React

Location: Nairobi, Kenya | **Email:** student1@test.com | **Role:** Frontend Software Engineer

Professional Summary

A third-year Computer Science student at Strathmore University with a strong passion for frontend web development. Enthusiastic about building responsive, user-friendly web applications and eager to apply my skills in a full-time software engineering role.

Education

Strathmore University | Nairobi, Kenya *Bachelor of Science in Computer Science*

- **Current Status:** Year 3
- **Relevant Coursework:** Web Development, Data Structures and Algorithms, Database Management Systems, Software Engineering.

Core Skills

- **Languages:** JavaScript (ES6+), HTML5, CSS3, Python
- **Frameworks & Libraries:** React.js
- **Tools & Technologies:** Vite, Git, GitHub, RESTful APIs, JSON

Academic & Personal Projects

Task Management Dashboard (React & Vite)

- Designed and developed a responsive single-page application for managing daily tasks using React and Vite.
- Implemented state management using React Hooks and ensured cross-browser compatibility using modern CSS.

Student Portfolio Template (HTML, CSS, JS)

- Built a lightweight, mobile-first portfolio template for university students to showcase their projects.
- Optimized assets and code for fast loading times and deployed the project via GitHub Pages.
